We have always felt very close to Dennis as he was like a brother to us. He had a very big heart and was very caring to everybody and never hesitated to help when anyone need it. He was a hard worker and always had high expectations for himself for any project he started. The photo of Dennis tells a story as he loved Linda and his family very much. We will always remember his engaging laugh and his " He knows his onions" saying. Lots of love always Dona and Gene
