A cousin's memory of Miles: Miles had just been discharged from the Army and shipped his MG or Triumph convertible to Wheeling, W. Va. airport. He flew in and needed someone to provide driving directions to get to Shadyside to see his Babchi (Grandmother) before driving to his home on Long Island. This happened pre-Garmin! I found a ride to meet him at the airport and while we were traveling, I asked Miles if there was a particular food he had missed that I could make for him. The Answer was: German Chocolate Cake. The cake was made and after dinner that evening Miles proceeded to eat the Entire cake in one sitting. My family was astounded! We will miss you, Miles!
