Yates was my second cousin. My father was Charles Stamey from Valdese. Aunt Ruth and Uncle McLinley loved their family. God bless you at this time and grant you peace.

Yates was my big brother hero. He's my hero because on my 13th birthday he gave me a birthday party with coconut cake and ice cream, which was purchased at Moses's Reeses Country Store on Connelly Road. Back then a birthday party with cake and ice cream was unheard of. He also saved me from a butt-whoopin' when I was supposed to go on a trip with my mom to Michigan. On the day we were supposed to leave my dad told me I couldn't go with Mom so I started crying. My dad was going to give me a butt-whoopin' however Yates told him, "they'll be no butt-whoopin' today, because you and Mom should have told her from day one she couldn't go." So that's just two of the reasons why he's my big brother hero. I love you Yates and I'm going to miss you, but I know where you are. There's no

tears, no pain, no pills, no blood transfusions, and no more parting over there. See you soon, your baby sister Nancy-number 16.

Veda I'm so sorry for the loss of your Dad. I know you have been through so much lately. Losing your Mom and Dad so close together has to be the most painful thing ever to endure for one's life as an adult child. I send my deepest condolences to you and Macy and pray that God hold you tight and carry you as long as you need. Our friendship I cherish forever and will always be around if you need me. Lean on Jesus.

I love you daddy so much and I have a big whole in my heart that nothing will ever fill! You were my dad, my friend and the best listener when I called to gripe about momma or Allen or work. I just can't believe the Lord would take you too! That I will never understand. I miss my mom but you and I had gotten so close over the last 16 years! I miss you so much daddy! My world will never be the same!

–Veda Walker

We are so sorry for your tremendous loss! Yates was a beloved friend to us. He taught us many things about gardening and canning. He and Rick shared the love of racing and Chase Elliot. When we cut our trees down Yates was thrilled to receive the wood from them. He loved his wood stove. He and Rick single handedly sawed up 2 huge tress we had professionally taken down and sawed up to make them easier for those fellas to handle, they were working on the third. Yates got so much enjoyment out of that time of gathering. Oh the tails those two could weave!! One year they canned beats together! That was a day to remember!! Yates was like the older brother I never had! He

remember. Yates was like the older brother I never had. He filled a spot in Ricks heart after he lost his older brother. We will cherish our memories always. May God comfort each of you as only he can during this time and the days ahead.

Sorry to see that you have left us at this time Yates. You were a good neighbor to us. Loved hearing your stories and our trips to the dump and going down 18 to eat at restaurants. Your vegetables were great out of the garden. Any time I needed wood, you were there. Zalee will miss you on her birthdays to come. I liked sharing my suppers with you. Everyone should be a good neighbor! You will be missed in our neighbor. I know you will happy now. No more telemarketers .
